A FAMILY-OWNED COMPANY

Our goals have always been and continue to be our commitment to serve our customers with the utmost in trustworthiness and integrity.

We deliver only high-quality, low-cost injectable pharmaceuticals and associated medical products to physician offices and clinics throughout the United States.

Clint Pharmaceuticals is a Verified-Accredited Wholesale Distributor. VAWD accreditation plays a pivotal role in preventing counterfeit, contaminated or diverted drugs from entering the United States drug supply. VAWD accreditation helps ensure that the pharmaceutical distribution facility operates legitimately, is properly licensed, and is employing security and best practices for safely distributing prescription drugs from manufacturers to dispensers.

Clint Pharmaceuticals is a proud member of the Healthcare Distribution Alliance. HDA is the national association representing primary pharmaceutical distributors, the vital link between the nation's pharmaceutical manufacturers and healthcare providers.

Health Industry Distributors Association is the trade association representing medical products distributors. As a member, Clint Pharmaceuticals takes part in the HIDA organization where members offer logistics services that increase the efficiency of the nation's hospitals, nursing homes, physician practices and other healthcare providers.

EXCELLENCE IN CUSTOMER CARE

Clint Pharmaceuticals is committed to processing orders promptly, efficiently, and courteously.

It is our goal to be the most dependable source for all your pharmaceutical needs by always exceeding your expectations with consistency and 100% satisfaction from our personable, friendly customer care team.

We look forward to hearing from you directly.

Please reach out to us at 800.677.5022.

Celestone® Soluspan®

BOTH RAPID ONSET & LONG DURATION

- Often effective in less than two hours allowing your patients to feel prompt relief.
- Microcrystalline suspension results in the least amount of residue in joint space.
- Prompt onset reduces incidents of post-injection flare in joint injections.
- Zero sodium retaining potency.
- Does not contain Benzyl Alcohol.
